(Details will follow in next month's newsletter)

 **John's Korner;** NOTE - The president is on a sabbatical this month.

As you all know we have had above average temperatures around the region. This turned out to be conducive to getting those Hudson, Essex or Terraplanes out for some fresh air. A few weeks ago I had the 54 out on three separate occasions, pretty unbelievable for January in Kansas. I hope that I was not the only one that took advantage of the great weather to go for a cruise or run errands. Part of owning an old car is getting it out on a regular basis. It will keep everything moving and lubricated and get rid of some cobwebs. This pertains to the drivers too.

I sincerely hope that we can have more of our meetings out in a public place this year so that we can enjoy our cars, and let the public enjoy them too. I have gone through a few of the local events that are listed on Hemming's Event Finder Website for us to give consideration to when planning our meetings this year.

April 28. Gardner, KS: 8th Annual Old 56 HiWay 1980 & Older Car Show. Wheat Ridge Middle School

May 4-6. Lawrence, KS: 49th Annual Lawrence Swap Meet sponsored by the Lawrence Region Antique Automobile Club of America. Douglas County Fairgrounds

June 9. Gardner, KS: Festival on the Trails Car Show. Downtown Gardner.

June 23. Paola, KS: Paola Heartland Car Show. Historic Square,

There are many more listed for us to consider and there will be more added as the year progresses. Please look for a car show in your area that we can all attend and bring it to our attention. You can also volunteer to host a meeting at a car show. There is nothing you need to do but find a car show, let us know the date, and we'll show up. No cooking or cleaning involved and you won't get stuck with a bill.

Here is a link to the Hemming's Classic Car website.

<http://clubs.hemmings.com/clubsites/acckc/EventFinder.htm>

There may be others in your area that are not listed, so start looking now and let us know.

Enjoy the ride!
John Forkner
